

INDIVIDUAL SKILLS ASSESSMENT
MODULE 20: Evacuation Procedures

DATE: _____

STUDENT NAME: _____

RANK: _____

TRAINER NAME: _____

ROSTER#: _____

INSTRUCTION: This Skills Assessment Checklist should be used by a trainer to grade a student's ability to perform the individual SKILLS for the TCCC Combat Lifesaver (TCCC-CLS) Course. A trainer should use this form when performing the optional individual skills assessment associated with completing a skills station. To successfully demonstrate proficiency, the student should "PASS (P)" all the critical tasks (marked as "C") on the checklist.

This checklist may also be used as a teaching tool at the skills station if the trainer chooses to grade students only during the culminating exercise tactical trauma assessment. Grading during the culminating exercise is mandatory for successful course completion, while grading individual skills during the skill stations is optional. Please note: There is also a Skills Assessment Checklist designed for performing a skills assessment as part of a culminating event, so the trainer can test all the required skills at once as part of a scenario-driven culminating exercise.
