Please take a moment to evaluate the CMC Course by answering the following questions. Your feedback is anonymous and will be used to improve the course.

	Strongly Disagree 1	Somewhat Disagree 2	Neutral 3	Somewhat Agree 4	Strongly Agree 5
01 The TCCC-CMC Course met the stated learning objectives.					
02 The course presentation was organized with a logical progression, and it facilitated my learning and skills acquisition.					
03 The overall course duration was appropriate.					
04 The presentations were the right length, enhanced my learning experience, and kept me engaged.					
05 The videos enhanced my learning experience.					
06 I believe that the Skill Cards will be a valuable asset to be used as a quick reference in a deployed setting.					
07 The trainers were knowledgeable and well prepared to help me understand and master these skills.					
08 I received adequate attention from my skill station trainers and was given enough time to practice.					
09 The skills and exercises increased my confidence in delivering lifesaving interventions.					
10 I had the necessary equipment for skills practice during the course.					
11 I am confident I can apply and perform all of the MARCH PAWS skills appropriately to a casualty in accordance with current TCCC standards.					
12 The training facility, equipment, and simulations (mannequins, IV practice arms, practice hands-on scenarios, etc.) were appropriate and enhanced the overall experience.					
13 Blood Administration (Module 11 Hemorrhagic Shock Fluid Resuscitation) had enough information to apply what I learned during hands-on testing and the written exam.					
14 I was offered the opportunity for remediation in any areas of deficiency, if needed.					
15 I am confident that I can perform a Tactical Trauma Assessment and treat casualties appropriately.					
16 I will reference the CMC materials on the mobile app or DeployedMedicine.com website in the future.					
17 I will reference the CMC materials on the mobile app or DeployedMedicine.com website in the future.
